## Residential Park Comparison Document

Manufactured Homes (Residential Parks) Act 2003

This form is effective from 20 February 2025

### Important

#### About this document

The Residential Park Comparison Document assists prospective manufactured home owners compare residential parks by providing general information about a park and their facilities and services, including the costs of moving into, living in and leaving the residential park. It is not intended to provide information about individual manufactured homes within a park. It doesn't form advice or guidance, and any prospective home owner is encouraged to seek independent financial and legal advice.

#### Key things to know about residential parks

Manufactured homes in residential parks are a form of housing where manufactured home owners own their dwelling and position them on sites in a residential park owned by a park owner. Home owners enter into a site agreement with the park owner for the use of the land and communal facilities, services and amenities and pay the park owner site rent.

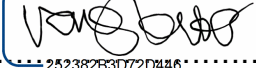

Buying a manufactured home is a significant commitment, and when you enter into a site agreement you are agreeing to continue paying site rent for as long as you own the home, or until you remove the home from the site in the park.

In a residential park, **site rents can increase at regular intervals based on the terms of your site agreement** and subject to legislation on site rent increases in the *Manufactured Homes (Residential Parks) Act 2003*.

**You should carefully consider whether you can afford the ongoing expenses of living in the residential park, and how this will increase over time. You are strongly encouraged to seek independent financial and legal advice from an experienced Queensland lawyer about your rights, options and obligations as a manufactured home owner before buying a manufactured home in a residential park and entering into a site agreement.**

## ATTACHMENT A SOLAR

As the park has an embedded network any additional solar must be approved by the Distributed Network Service Provider (DNSP) and park management. If the total embedded network has self-generated electricity (such as solar) above 30Kva all additional self-generated electricity will need to comply with the connection standards (Energy Queensland's STNW1174) Part of this is where a company with a staff member (or a subcontractor) that is part of the Register of Professional Engineers Queensland (RPEQ) submits a design certification report to the DNSP, this is done by the company that sells to equipment to the home owner not the park owner. (Part of this document describes the hardware to be used (Inverter type and panel type) methodology of control of power production and export (where applicable) and maintenance and control of predetermined power quality parameters. (This includes voltage rise, over and under voltage, over and under frequency among other settings.)

The DNSP only allows for 1 enquiry at a time. The park owner or another home owner may already have an open enquiry with the DNSP that must be finalised before a home owner can start another enquiry / application with the DNSP.

The home owner may find that the costs associated with this process outweigh the benefit from adding solar as an individual and this process may be more beneficial if multiple home owners preform this at the same time to distribute the required costs by the DNSP between multiple home owners.

The Park Owner also requests the home owner to fill in the Alteration and Addition request form as per the site agreement. (An extract is below)

### **4.4 Alterations with consent**

- (a) The home owner must not carry out any alterations, improvements or additions of any kind, to:
  - (i) the manufactured home that are visible from outside of the manufactured home; or
  - (ii) the site or any improvements or services on the site, without:
    - (iii) the park owner's prior written consent; and
    - (iv) the approval (where necessary) of any relevant Authority.
- (b) The park owner must not unreasonably refuse to give its consent to a request made by the home owner under special term 4.4(a).
- (c) Any pre-existing alterations to the manufactured home, any improvements on the site or any pre-existing alterations to the site visible from outside the manufactured home generally are deemed unapproved unless written approval from the park owner (or its predecessor) and (if required) the relevant Authority can be produced.

#### 4.6 Solar Systems

If:

- (a) the park owner gives its consent to a request made by the home owner under special term 4.4(a) to install an electricity generation and/or storage system on the manufactured home or the site (**Solar System**); or
- (b) a Solar System is already installed on the manufactured home or the site,

the home owner acknowledges and agrees:

- (c) the home owner:
  - (i) is responsible for all costs associated with the installation, connection, use, maintenance and repair of the Solar System;
  - (ii) installs and uses the Solar System at the home owner's risk; and
  - (iii) releases the park owner and its Agents from all Claims arising out of or in connection with the installation and use of the Solar System, except to the extent the Claim is caused or contributed to by the negligence or default of the park owner or its Agents; and
- (d) the park owner is not liable for (or required to arrange) any payment or credit to be allowed to the home owner for any excess power the Solar System may generate.

## **ATTACHMENT B PETS**

### Park Rules

#### **7. Pets**

---

##### **7.1 Approval**

Pets must not be kept in a home or on a site without the prior approval of the park owner obtained in accordance with the site agreement.

##### **7.2 Site agreement terms**

If the park owner provides approval for a pet, then the home owner must comply with the terms of the site agreement regarding pets and any pet policy in force in the Park from time to time.

##### **7.3 Revocation**

The park owner may revoke its approval to keep a pet at any time if it considers the home owner to not be complying with park rules.

### Site Agreement Special Terms

#### **3.9 Pets**

- (a) The home owner must not keep any animals or pets in the manufactured home or on the site without the park owner's prior written consent. The park owner will not unreasonably withhold its consent to a request by a home owner to keep a pet.
- (b) The home owner must ensure:
  - (i) the keeping of the pet complies with local government laws;
  - (ii) the pet does not disturb other home owners or their Invitees;
  - (iii) the pet is a domesticated animal;
  - (iv) the home owner provides details of the type and size of the pet to the park owner;
  - (v) the pet is clean and properly toilet trained and the home owner tidies up after the pet;
  - (vi) the pet is kept on a leash at all times whilst in the park (and not in the manufactured home); and
- (c) The park owner may withdraw its consent for a pet if the home owner (or the pet) does not comply with special term 3.9(b). The onus of proving that the pet complies is on the home owner.
